Ms. Inglis,

Given this evening's events, we request you preserve all records and documents, including e-mails, voicemails, and any other electronically or digitally preserved records, that are in any way related to tonight's aborted execution, and/or involve communications about tonight's execution and the decision to stop said execution. Additionally we request that you preserve all drugs and drug paraphernalia (syringes, vials, etc.) that were to be used in tonight's execution. Please construe this request broadly, so that all evidence and potentially derivative evidence is preserved.
